

# A NUMBER-BASED STRATEGY

INDEX 100

THIS STRATEGY IS ONLY FOR VOLATILITY 100 INDEX

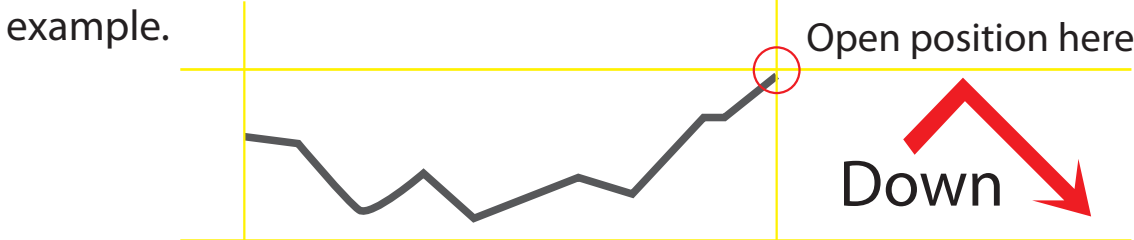

The martingale does not exist. Be careful what you do.

\*It is in the figure above that you begin your work.  
What you have to remember at the beginning is the worm.  
Taking a position on the volatility index 100 is very easy.

## 2 SIMPLE STEPS BEFORE RETAINING THE SECRET NUMBER.

1 step : when you take position down. The worm must go up, at the highest.

2 step: when you take position up . The worm must descend, at the lowest.

## HERE ARE THE SECRET NUMBERS

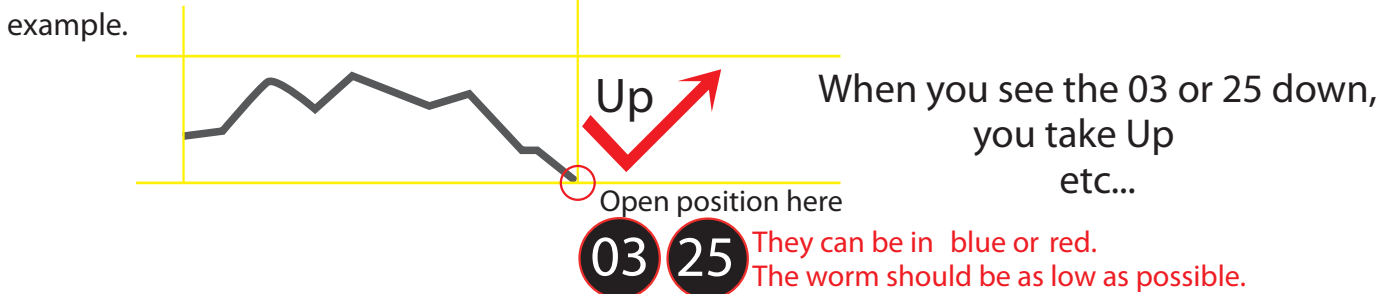

DIGITS : 0 1 2 3 4 5    02 , 03 , 14 , 25

WE WILL SIMPLIFY < NUMBERS UP : 03 AND 25  
NUMBERS DOWN : 02 AND 14

### NUMBERS DOWN

### NUMBERS UP

Do not use the same secret number twice in the day.  
Example: if you operate with 03,  
you no longer use during the day and you must wait 24 hours before using.
