

# INTRODUCTION

## WHAT IS THE ULTIMATE 75 INDEX ?

THIS IS A STRATEGY THAT IS VERY SIMPLE TO USE ON BINARY.COM OR DERIV.COM IN THE SMART TRADER PLATFORM

## WHY ?

BECAUSE THE INDEXES ARE LESS VOLATILE AND IT IS EASIER TO FOLLOW EACH TREND

WHAT IS THE STRATEGY BASED ON?

THE ULTIMATE 75 INDEX STRATEGY IS BASED ON ONE SECRET :

THE UNIT OF THE SUCCESSIVE PRICE

## HOW LONG ARE THE TICKS?

5 TICKS

## HOW DO WE TRADE WITH THE ULTIMATE 75 INDEX STRATEGY?

WE TRADE WITH THE UNIT OF THE SUCCESSIVE PRICE

# THE UNIT OF THE SUCCESSIVE PRICE

THE SUCCESSIVE PRICE UNIT IS A LIST LOGICAL SYSTEM IT IS TO SAY AS IF WE COUNT

FOR EXAMPLE :

POSITIVE ENUMERATION  
0 1 2 3 4 5 6 7 8 9

NEGATIVE ENUMERATION  
9 8 7 6 5 4 3 2 1 0

THE INDEX MARKET SOMETIMES LOGICAL BUT NOT ALL THE TIME THIS IS WHY WE USE THIS STRATEGY TO TRADE ACCURATELY.

WE WILL ILLUSTRATE THE ENUMERATIONS

661,780.2089

## THE PRICE

This is the value of all indexes

661,780.2089

## THE UNIT OF THE PRICE

This is the sequence of the index value

## A - POSITIVE ENUMERATION

661,9///.2089

661,8///.2089

661,7///.2089

661,6///.2089

661,5///.2089

661,4///.2089

661,3///.2089

661,2///.2089

661,1///.2089

661,0///.2089

YOU START TO COUNT DOWN

## B - NEGATIVE ENUMERATION

661,9///.2089

661,8///.2089

661,7///.2089

661,6///.2089

661,5///.2089

661,4///.2089

661,3///.2089

661,2///.2089

661,1///.2089

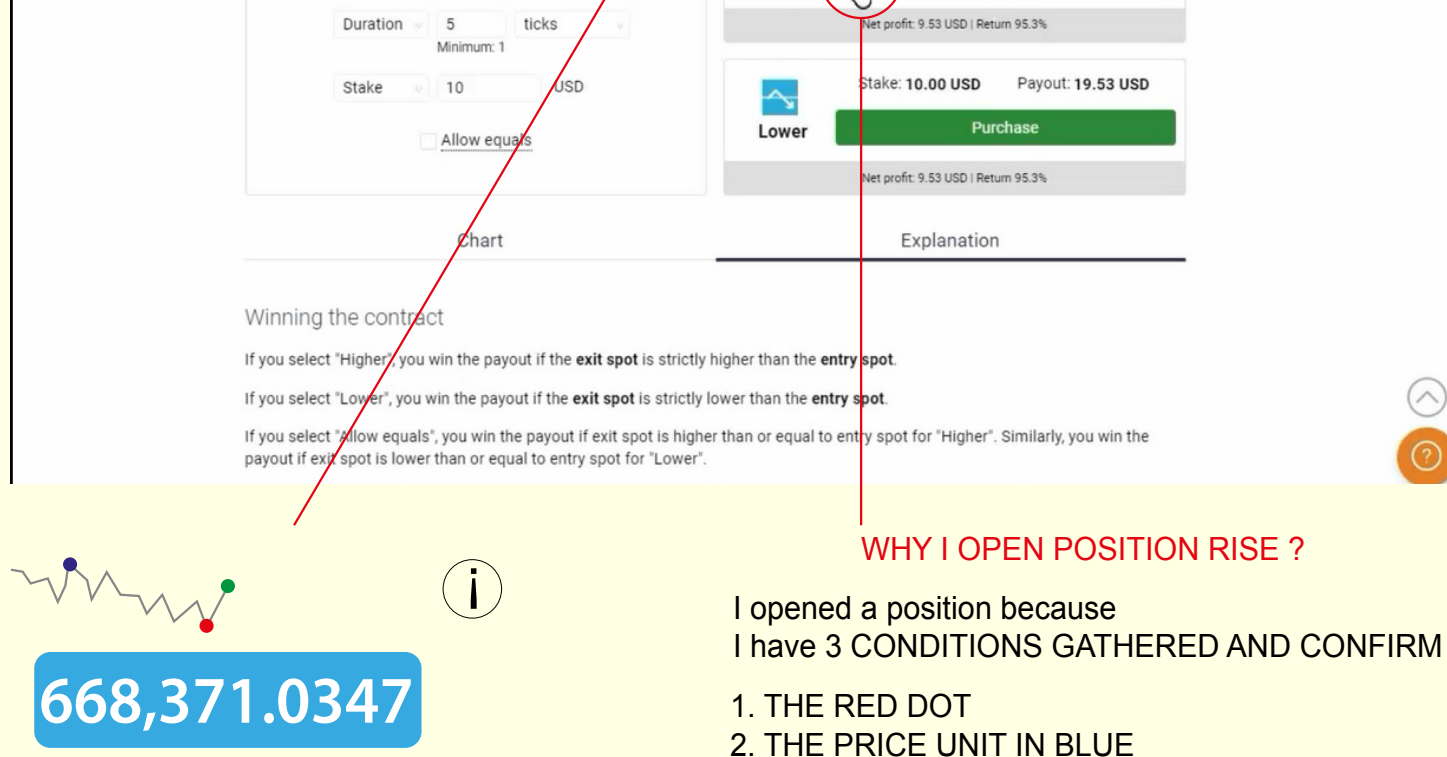

661,0///.2089

YOU START TO COUNT UP

## HOW TO TRADE THIS STRATEGY?

## GO WATCH CAREFULLY THE VIDEO V.02

## FIRST POSITION

## WHY I OPEN POSITION RISE ?

I opened a position because I have 3 CONDITIONS GATHERED AND CONFIRM

1. THE RED DOT
2. THE PRICE UNIT IN BLUE
3. THE UNIT OF THE SUCCESSIVE PRICE 237 AND 371

668,371.0347

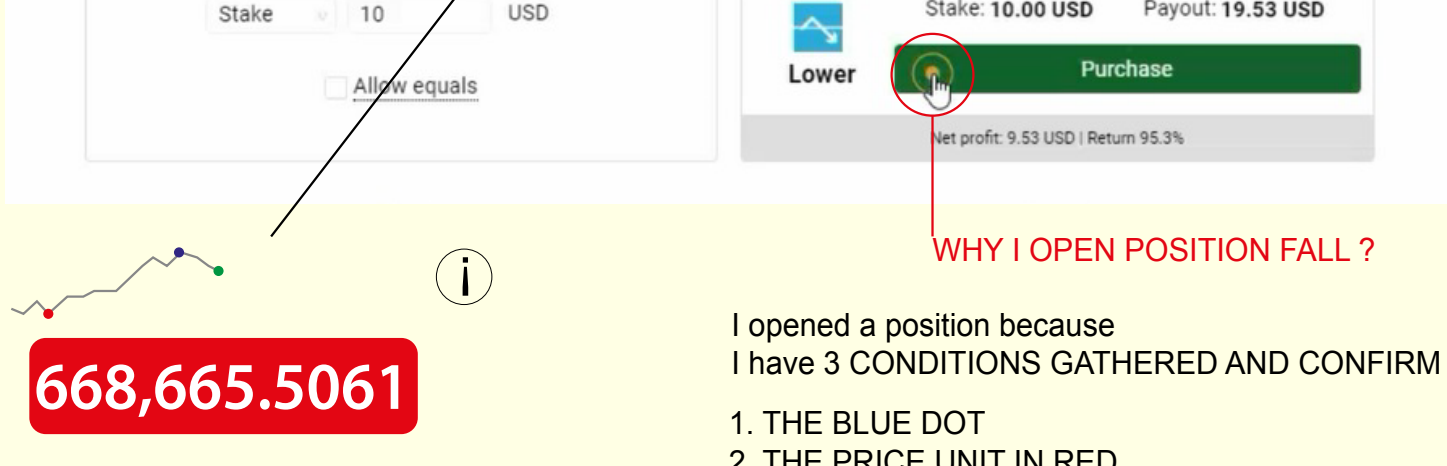

3. THE UNIT OF THE SUCCESSIVE PRICE 736 AND 665

It just has to be 2 times

Formula : ● + 668,237.////// + 668,371.0347 = OPEN RISE

WARNING: UNITS MAY BE 1 AND 2 ; 3 AND 4 ETC ...

## SECOND POSITION

## WHY I OPEN POSITION FALL ?

I opened a position because I have 3 CONDITIONS GATHERED AND CONFIRM

1. THE BLUE DOT
2. THE PRICE UNIT IN RED
3. THE UNIT OF THE SUCCESSIVE PRICE 736 AND 665

668,665.5061

For the 3rd and 4th position I let you analyze if you have understood.

Now you have figured out how to take a position.

First thing to really remember, the analysis always begins with the red point for the ascent and the blue point for the descent then the 3 conditions must be met and then confirm you take a position.

3. THE UNIT OF THE SUCCESSIVE PRICE 736 AND 665

It just has to be 2 times

Formula : ● + 668,736.////// + 668,665.5061 = OPEN FALL

WARNING: UNITS MAY BE 5 AND 4 ; 4 AND 3 ETC ...

## CAUTION

This strategy can only be used 4 times per day. Don't try to do more or you will all lose.

# CONCLUSION

To win in trading, you don't need complicated strategies. Everything should be simple so that you can follow it. The payoff is huge with a simple, clear strategy that we can follow.

Don't underestimate the simplicity of this strategy. Learn it well and apply it.

You don't need any trading time.

You just respect the earning limit (4 times a day, do not exceed)

GOOD LUCK
