

A NUMBER-BASED STRATEGY

INDEX 75

THIS STRATEGY IS ONLY FOR VOLATILITY 75 INDEX

The martingale does not exist. Be careful what you do.

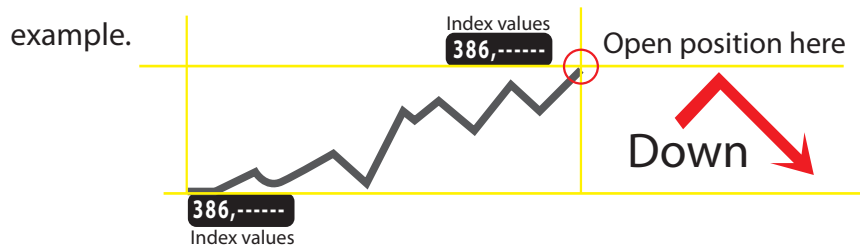

*It is in the figure above that you begin your work.

What you have to remember at the beginning is the worm.

Taking a position on the volatility index 75 is very easy.

2 SIMPLE STEPS BEFORE RETAINING THE SECRET NUMBER.

1 step : when you take position Down. The worm must go up, at the highest. and the index values don't change.

2 step: when you take position Up . The worm must go down, at the lowest. and the index values don't change.
